

VALLEY TRAUMA CENTER

Sexual Assault Services for the San Fernando and Santa Clarita Valleys

WELCOME

Serving survivors of sexual assault in the San Fernando and Santa Clarita Valleys

Sexual assault can happen to anyone.

No one should suffer alone.

If you have been assaulted, you have the right to information and support.

We are here to help.

Valley Trauma Center (VTC) is a nonprofit, multicultural organization dedicated to the elimination of sexual and interpersonal violence through healing, empowerment, and increased public awareness of prevention strategies. We work with communities to provide quality crisis intervention and counseling services, trainings, and prevention education to promote social change.

Valley Trauma Center

Our Services

24-Hour Hotline

Our 24-hour hotline runs 7 days a week and is answered by volunteer California State Certified Rape Crisis Advocates who provide information, referrals, and crisis counseling over the telephone.

Accompaniments

If someone has been assaulted, a volunteer California State Certified Rape Crisis Advocate will meet the survivor at the hospital, police station, or court to provide on-site emotional support, information, and advocacy.

Counseling

Short and long-term individual counseling is offered for survivors, their families members, and significant others. Support groups are also available.

Prevention Education

Our Prevention Education team helps increase public awareness by remaining a visible resource and providing violence prevention education programs to the community at large.

Family System Services

Families referred by Department of Children and Family Services, and enrolled in the Family Preservation program, engage in a process of self discovery and education. Individual family members are empowered to identify and resolve problems while developing emotional, social, educational, and cultural knowledge.
